THE JUNIOR GYM PROGRAM

Junior Gym has been educating children in the sport of gymnastics since 1976. Our goal is to promote the maximum individual growth in children and aid in their overall development: a sound mind in a sound body. Our approach is motivational but not competitive. We teach through positive reinforcement and with a sense of fun and caring. Our results are happy and confident youngsters who gain much more than gymnastics at Junior Gym.

PARENTS PLEASE NOTE

All of our programs are planned and staffed with care and caution. Our personnel are competent and understanding. Although we do not require a "camper" to participate in all activities, emphasis is placed on the employment of learning.
